2	Blasts at 7.30 a. m., no school.
2	Blasts at 7.30 p. m., Fire Dept. meeting.
1	Blast, water to be shut off in thirty minutes.

NOTICE

Brush fire, chimney fire, and all outside fire alarms are to be telephoned to the Alton operator, who will sound the proper alarm, and notify the proper authorities. This will be done by means of a control box now in the central office. State clearly the nature, extent and location of the fire. By complying with the above, much time and property may be saved.

INSTRUCTIONS FOR OPERATING A BOX

Opening a box does not give alarm; pull down handle. Anyone sounding alarm to remain at box to direct fireman. Second alarm to be sounded by order of the chief engineer only. Test alarm every day at 12.45 p. m. Do not sound alarm unless necessary.

ALTON TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Alton, in the county of Belknap, in said state, qualified to vote in town affairs:

You are hereby notified to meet at the Town House in said Alton, on Tuesday, the fourteenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To see what sum of money the town will vote to raise and appropriate to pay all necessary charges of the town for the ensuing year.

Article 2. To see what sum of money the town will vote to raise and appropriate for the repairs of highways and bridges for the year ensuing, in addition to that required by law.

Article 3. To see if the town will vote to authorize the selectmen to borrow necessary monies in anticipation of taxes.

Article 4. To see what sum of money the town will vote to raise and appropriate for the decoration of soldiers' graves.

Article 5. To see what sum of money the town will vote to raise and appropriate for the maintenance of the public library, in addition to that required by law.

Article 6. To see if the town will vote to raise and appropriate the sum of \$663.12, provided that the state will contribute \$2,652.47, for Class V roads, so called.

Article 7. To see if the town will vote to raise and appropriate the sum of \$500.00, to be expended for winter sports, and that the selectmen be instructed to appoint a committee of three to expend the same. (By request).

- Article 8. To see if the town will vote to construct a sidewalk from the store of F. J. McGrath to the Post Office at Alton Bay, raising the necessary funds and appointing a committee to expend the same. (By petition).
- Article 9. To see what action the town will take relative to changing the method of choosing a highway agent. (By request).
- Article 10. To see if the town will vote to raise and appropriate the sum of \$200.00, to be expended under state supervision, for the control of the white pine blister rust. (By request).
- Article 11. To see if the town will vote to raise and appropriate the sum of \$100.00 for the control of brown tail and gypsy moths, in cooperation with the State Forestry and Recreation Department. (By request).
- Article 12. To see if the town will vote to raise and appropriate a sufficient sum of money to gravel and tar Mountain road, so called, starting at the point where the gravel and tar left off last year, continuing on past the house of Albert D. Morse to the corner gate, so called, which is about $\frac{1}{2}$ mile, and to tar that portion of the Mountain road already hard surfaced. (By petition).
- Article 13. To see if the town will vote to allow a discount on all property taxes for 1939 assessment, two per cent to August 31, and one per cent to September 30 inclusive.
- Article 14. To see if the town will vote to raise and appropriate the sum of \$50.00 for an Old Home Day celebration. (By request).
- Article 15. To see if the town will vote to raise and appropriate the sum of \$200.00 to the Lakes Region Association of New Hampshire for the issuance and distribution of printed matter calling attention to the resources and natural advantages of the town, in cooperation with other towns in the Lakes Region. (By request).
- Article 16. To see what sum of money the town will vote to raise and appropriate for the aid of the Hugins hospital at Wolfeboro. (By request).

Article 17. To see what sum of money the town will vote to raise and appropriate for the aid of the Laconia hospital. (By request).

Article 18. To see if the town will authorize the Water Commissioners to sell the pumping station and land at Alton Bay and the revenue to be applied to reduce the water debt. (By request).

Article 19. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.

Article 20. To choose all necessary town officers for the ensuing year, to elect one selectman for three years, one library trustee, one trustee of trust funds and one water commissioner for the ensuing three years.

Given under our hands and seal this 27th day of February, 1939.

OLIVER M. COLBY,

LEON T. DODGE,

CHESTER W. LITTLEFIELD,

Selectmen of Alton.

PART II**EDUCATIONAL POLICY**

Much is being heard these days about the prospects of the democratic form of government in the world continuing to exist. Probably we have become more conscious in the past few years than ever before of the tremendous significance of the term "democratic." The more we study it the more we realize that a democratic country is far more than just a country with a democratic form of government. A full appreciation of the liberties and of freedom of action, of speech and of thought come only with meditation upon the facts gained from the study of the life of peoples in every country of the

world. Through the study of psychology we have come to realize that education comes only through experience so, if we are going to perpetuate the democratic form of life that we have in the United States of America, we must not only learn the facts of the true conditions of peoples all over the world and teach them to our children but we must also train our boys and girls in the democratic way of life by giving them a chance to practice throughout their childhood the democratic way of living. Students of political science are agreed that the greatest factor in the cause of the fall of the recent attempt at democratic rule in the countries of Europe was the lack on the part of the people of experience in governing themselves. Although they had studied the governmental machinery of other democracies, they had had no practice in handling or operating it and it soon got out of control. If our boys and girls are to make as few mistakes as possible in running our governmental machine when they become adults and take over the steering wheel, our schools must be so organized as to give them such practice with democratic methods as will enable them to make successfully the transition from their participation in their adolescent social and political life to their participation in their adult social and political life. We must keep in mind not only our obligations to train our young people in citizenship but also our obligations to train them in democratic citizenship, in the democratic way of living. This then, is the educational policy of the local schools.

PART III

INSTRUCTION

(a) Courses of Study

The introduction of the courses in agriculture and home economics into the high school curriculum a number of years ago is evidence that Alton recognized earlier than many communities the needs of those young people who are not likely to continue their education beyond high school on into college or normal school for even though credits for these courses are accepted for admission to the University of New Hampshire and other institutions, they are primarily for those who for one reason or another do not expect to go away for further

training. In an attempt to have Alton High School continue to lead in the way its offering provides for the educational needs of all the boys and girls of high school age in the community, much study has been made during the past few years of what courses should be offered with the facilities and funds available. Credit courses in sociology, economics, biology, general science, junior business training and orchestra have been added. Because of the lack of suitable equipment the course in physics was dropped. As the content of this course has so many applications to the problems of our daily living, whether we be farmers, teachers, doctors, housewives, or businessmen, its loss is a serious one and should not be allowed to become permanent.

Another course that seems to be meeting a real need in many schools is general mathematics, a subject which offers training along the same practical lines as the seventh and eighth grade mathematics but more advanced and which serves as an excellent approach to the more specialized branches of elementary mathematics: algebra, geometry and trigonometry.

Because so many people now make use of the typewriter, and because so many of Alton's young people work, especially during the summer, at some job where a knowledge of the fundamentals of advertising and salesmanship would be of advantage, a commercial course, or at least certain commercial subjects, would be highly profitable for a goodly number. As nearly all teachers of commercial subjects are qualified to teach some other subjects, such as history, sociology, economics, junior business training, English, mathematics, or even science, the introduction of such a course would not be difficult as far as the finding of a teacher to fit into the Alton situation is concerned.

Another practical arts course that would appeal and be highly valuable to some is shop work, including cabinet making, auto mechanics, general shop, shop mathematics, shop electricity, etc. If Alton could make arrangements with some other nearby school to use a qualified teacher part time, and if the work could be organized to meet standard requirements so that Federal aid could be obtained as is now done for Home Economics and Agriculture, the course would not be very expensive.

The idea of a part time teacher might work out also to make it possible at very low cost to offer in the high school a course or two in art, including drawing and art appreciation, and to get some help along the line in the elementary grades.

Such broadening and enriching of the program of studies deserves the serious consideration of those interested in the future citizens of Alton.

(b) Teachers

No teachers left during the school year but at the end of the year Ruth Pollard withdrew in order to continue her training. The vacancy thus created was filled by Doris M. Barnes, who graduated from Aroostook Normal School in Maine and had taught several years in Barnstead.

The following is a list of the teachers for the present school year together with other pertinent current information:

Teacher	Position	Salary	Enrollment
Edgar B. Bruce	Headmaster		
	H. S.	\$2,050.00	79
Donald H. McLeod	Agriculture	1,650.00	
Agnes M. Thompson	Languages	1,365.00	
A. Isabel Twombly	Eng. & Hist.	1,100.00	
Elizabeth E. Frederick	Domestic Arts	1,000.00	
Doris M. Barnes	Cent. Grs. 7 & 8	1,000.00	40
Dorothy M. Douglass	Cent. Grs. 5 & 6	1,000.00	39
Carolyn B. Wallace	Cent. Grs. 3 & 4	950.00	18
Alma L. Pitman	Cent. Grs. 1 & 2	950.00	28
Harriet S. Seavey	Bay Grs. 1-4	950.00	19
Annie A. Wheeler	Music	400.00	

Present Total Enrollment

223

The following is a list of teachers who attended summer school during the summer of 1938: Doris M. Barnes, Edgar B. Bruce, Dorothy M. Douglass, Elizabeth E. Frederick, and Donald H. McLeod.

The fact that five of the eleven teachers spent six weeks of their summer vacation in study at summer schools at an expense of \$100 to \$250 each speaks well for their interest in professional improvement. Many school boards are now requiring summer school attendance or its equivalent once in every three years, and it is

quite a common practice for such boards to offer some financial inducement for such additional training. Such a policy could be adopted by Alton at an average annual cost of only about \$110.

(c) Eighth Grade Tests

Standardized Achievement tests were given in May and June, 1938, to all eighth grade pupils in the supervisory union. The table below shows some of the most interesting facts regarding the results of the tests.

	Pittsfield	Wolfeboro	Alton	Barnstead	New Durham	Tuftsboro	Total
Total taking test	41	49	12	17	7	11	137
Median total score*	8.5	9.2	8.4	8.2	6.6	7.1	8.5
Standard score							8.9
No. <i>equalling</i> or <i>exceeding</i> standard	19	27	3	8	1	3	61
No. <i>below</i> standard	22	22	9	9	6	8	76
No. at least 1 yr. <i>above</i> standard	7	15	2	2	1	1	28
No. at least 1 yr. <i>below</i> standard	14	15	5	9	5	8	56
No. at least 2 yrs. <i>above</i> standard	0	8	0	0	0	0	8
No. at least 2 yrs. <i>below</i> standard	9	7	1	3	5	5	30
Per cent up to standard	46	55	25	47	15	27	45

* A score of 8.5 is what a normal child five months along in the eighth grade is expected to receive on the test. A score of 6.6 is what a normal child six months along in the sixth grade is expected to receive, and so forth.

PART IV**FINANCE****(a) Annual Report of District Treasurer**

Fiscal Year Ending June 30, 1938

Cash on hand June 30, 1937

(Treasurer's bank balance) \$223.34

CERTIFICATES

I certify that the above is a correct statement of the obligations authorized, and the amounts to be assessed to meet statutory requirements and appropriations made at the annual meeting of the Alton school district held March 12, 1938.

LOIS I. ALDEN,

Clerk of the School District.

To The State Board of Education:

I certify that the above is a correct statement of the financial proceedings of the district for 1938, and that copies of this statement have been filed with the chairman of the board of selectmen and entered in the records of the school board.

ANNIE C. SANBORN,

March 14, 1938

Chairman of the School Board.

(d) School Board's Estimate for 1939-40

School board's estimate of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1939.

EXPENDITURES

	High School	Elementary Schools
Support of schools		
Teachers' salaries	\$7,368.00	\$5,317.00
Textbooks	210.00	275.00
Scholars' supplies	375.00	350.00
Flags and appurtenances	3.00	7.00
Other expenses of instruction	200.00	50.00
Janitor service	400.00	600.00
Fuel	255.00	335.00
Water, light, janitors' supplies	200.00	200.00
Minor repairs and expenses	585.00	615.00

Health supervision	50.00	250.00	
Transportation of pupils	300.00	4,050.00	
Other special activities	100.00	175.00	
	<u>\$10,046.00</u>	<u>\$12,224.00</u>	\$22,270.00
Other statutory requirements:			
Salaries of district officers		\$153.00	
Truant officer and school census		35.00	
Superintendent's excess salary		405.00	
Per capita tax		402.00	
Payment of district debt		1,000.00	
Interest on district debt		50.00	
Other obligations		278.00	
		<u></u>	\$2,323.00
Total amount required to meet school board's budget			<u>\$24,593.00</u>

ESTIMATED INCOME OF DISTRICT

Balance June 30, 1939	\$500.00	
Federal aid, July 1939	975.00	
Dog tax	250.00	
High school tuition receipts	2,000.00	
Elementary school tuition	54.00	
Other estimated income, sale of property	50.00	
	<u></u>	\$3,829.00
Total estimated income		\$3,829.00
Assessment required to balance school board's budget		<u>\$20,764.00</u>
Special appropriation proposed (Articles in Warrant)		
New equipment	\$200.00	
	<u></u>	\$200.00
Total assessment required to cover budget and appropriation		<u>\$20,964.00</u>

This amount being asked for is within a few dollars of the same as was appropriated in March, 1938.

In other parts of this report there is mentioned the need for certain courses which are not now offered. It might be of interest to apply a financial test to the

budget to see whether Alton is spending all it can afford to spend on its high school or if it could increase its offering to better meet the needs of its boys and girls without undue burden. In 1919 the state legislature passed a law regarding state aid for elementary schools. As a basis for such aid it was determined that any district which could not maintain standard schools on a tax of \$5.00 per \$1,000.00 of the equalized valuation might receive aid from the state. This rate has thus come to be accepted as a reasonable one for any district. Alton's latest equalized valuation figure is \$2,285,364.00. \$5.00 per \$1,000.00 of this amount would be \$11,426.82

More recently there has been somewhat less generally accepted a basis for determining a reasonable load for support of high schools. Considering just the fact that the elementary school has eight grades and the high school four we might assume that this rate would be \$2.50 per \$1,000.00, but taking into consideration also that high school teachers' salaries are higher, that high school books and supplies are more expensive and that high school classes are usually much smaller, we should expect the rate to be somewhat above \$2.50. The figure actually accepted by many is \$3.50. At this rate Alton could raise \$7,998.77 for support of the high school. Thus it would seem that Alton could afford to raise \$11,426.82 plus \$7,998.77, or \$19,425.59 for support of schools. The total appropriation asked for is \$20,964.00 of which \$200.00 is for new equipment and \$2,323.00 for other statutory obligations, leaving \$18,441.00 for the support of schools. This amount is \$984.59, or practically \$1,000.00, less than the \$19,425.59 Alton could afford to raise as determined by this test. This \$1,000.00 would do much toward meeting the needs mentioned.

PART V

SCHOOL PLANT

During the past year the Central school building has received the following major improvements: (1) the complete renovation of the heating system with new boiler, automatic stoker, automatic temperature control, and increased radiation; (2) addition of three windows to the primary room; (3) addition of four windows to the fifth and sixth grade room, and (4) replacement of the old desks in the fifth and sixth grade room by modern movable desks and chairs.

The major additions to the equipment have been, (1) two dozen new folding chairs for general use, (2) a new lathe for the shop, and (3) for the Home Economics department a set of dishes to serve one hundred people.

These improvements to both building and equipment have very materially increased the efficiency of the educational facilities of Alton and are greatly appreciated by all who use them.

The plan initiated two years ago to gradually modernize the natural lighting of the classrooms, and the pupil furniture should be continued. The budget for 1939-40 has been prepared so that the desks in the primary room may be replaced and about twenty-five new desks and chairs may be bought to replace in the high school recitation rooms an equal number of tablet arm chairs for study purposes. The size of the working space on the arm of a chair is far too limited to allow for decently neat written work, drawings, or other hand work. By adopting the separate desk and chair it makes possible the use of the chairs for the orchestra and for other general purposes.

An inspection of the roofs on the additions to the main Central building has resulted in the inclusion in the budget of an amount estimated to be sufficient to re-shingle these parts. The September hurricane hastened the necessity for this work.

PART VI

CHILD ACCOUNTING AND STATISTICS

(a) Promotion to High School

The following eleven pupils, as compared with eighteen last year, were promoted to high school in June 1938: Eudora Burtt, Brenda Chamberlain, Myron Clark, Marion Hurd, Henry Leonard, John Mixer, Walter Read, Pauline Richards, Henry Sanders, Olive Trickey, and Harriet Varney. All of these pupils entered high school last fall.

(b) Roll of Honor for Attendance

The following six pupils, as compared with two for 1936-37, seven for 1935-36, seven for 1934-35, four for 1933-34, and seventeen for 1932-33, were neither absent nor tardy during the school year ending June 30, 1938: Nathan Alden, Ralph Alden, Ellen Barr, (3) Robert Carr, Charlie Miller, Charlotte Woodworth.

A figure before a pupil's name denotes the number of consecutive years he has had perfect attendance.

The following pupils had perfect attendance except for absences caused by school bus: Elinor Russell and Wesley Gleason.

(c) Statistics for the Year Ending June 30, 1938			
	High	Elem.	Total
Number of pupils registered	84	140	224
Average number of half-days schools were in session *(351.67)	352	351.6	351.67
Average membership	79.21	126.07	205.28
Average attendance	74.77	119.66	194.43
Aggregate number half-days all pupils were in school	26319	42073	68392
Per cent of attendance (95.13)	94.39	94.92	94.71
Average number of half-days each pupil was in school (338.40)	332.27	333.72	333.16
Pupils not absent nor tardy	3	3	6
Per cent of all pupils not absent nor tardy	4.01	2.38	2.92
Cases of tardiness	387	212	599
Average number of tardinesses per pupil (.86)	4.86	1.68	2.92
Non-resident pupils	26	2	28
Pupils transported at district expense	20	47	67
Visits by superintendent	61	53	114
Average number of visits by superintendent per teacher	12.2	10.6	11.4
Visits by citizens	80	357	437
Visits by school board members	6	12	18
Meetings of school board			11
Number of pupils promoted	72	106	178
Number not promoted	6	15	21
Per cent not promoted (5.98)	7.69	12.4	10.55

*Figures in parentheses are state averages.

All of the numbers in the above table are sufficiently near the usual trend as to warrant no special mention except those showing the tardiness. Alton's rate of tardiness last year was more than three times that for the state as a whole. By far the largest part of this poor record was caused by the high school pupils. The habit of thinking that "any old time" is soon enough is not conducive to the greatest success. It is indeed doubtful if the future positions of these pupils will permit the continuance of such failure to be punctual. It would seem that parents have an obligation in this regard to see that their children form the habit of being on time at school.

(d) Census, September 30, 1938

ENUMERATION OF RESIDENT CHILDREN

Number of resident children 5 to 16 in local schools	177	
Number 5 to 16 in high schools outside the district	2	
Number 5 to 16 in elementary schools outside the district	1	
		<hr/>
Total number 5 to 16 in some school		181
Number 5 to 8 not in school	6	
Number 8 to 14 not in school	0	
Number 14 to 16 not in school	0	
		<hr/>
Total number of children 5 to 16 not in some school		6

Total number of resident children 5 to 16 187

This total is twelve greater than for 1937, fourteen less than 1936, and nineteen less than for 1935.

PART VII

AUXILIARY ACTIVITIES AND SPECIAL REPORTS

(a) Extracts from Report of Headmaster

It is my pleasure at this time to submit my fourth annual report as the Headmaster of Alton High School. I shall attempt to give a brief resume of school activities which have transpired since the report of last year was written. I should like also to make a few recommendations of possible changes which I believe should take

place in the organization of this school in order that the school might better serve the interests of the community.

On June 17, 1938, eleven pupils were graduated from this school and are at present located as follows:

Guy Andrews	At Home
Robert Carr	University of New Hampshire
Judson Downing	Wentworth Institute
Vera Edwards	Clerk
Blanche Frohock	Concord Business College
Constance Gonichon	At Home
Richard Kardinal	Seamanship
Phyllis Lamper	At Home
Lester Rollins	University of New Hampshire
Beulah Trickey	New England Conservatory of Music
Roy Whelden	At Home

Some of these graduates who are listed as being at home have definitely made plans to attend institutions of higher learning next year. Therefore, Alton High still retains its position with other schools in the state that rank high in the percentage of graduates who go farther in pursuit of learning.

Twenty-eight tuition pupils are registered in the high school: six from Barnstead; twelve from Gilman-ton; eight from New Durham; and two from Wolfeboro.

AGRICULTURE

As in previous years Alton High School has been represented at all state sponsored judging contests during the past year. Many thanks should be extended to the owners of prize stock in this vicinity for making possible an opportunity for the agricultural students to practice judging in preparation for state competitions.

The Future Farmers of America is a National Club, whose membership is primarily restricted to boys pursuing the Agricultural course in high school. This club has been an active organization of this school for the past four years. One of the outstanding accomplishments has been the extensive spray program during the spring term of school. At the state celebration during the summer of 1938 the Future Farmers of this school prepared a float for the parade at Concord which gained high commendation for their efforts.

HOME ECONOMICS

On several occasions during the past year the Home Economics classes have prepared and served

luncheons and dinners for various groups. These occasions have produced evidence of the efficiency of students and speak credibly of the instruction.

The noon-hour lunch program for the past year was planned and directed by the Home Economics classes. Two hundred dollars was appropriated by the Alton school district for the purpose of providing a hot lunch to everyone eating noon lunches at the Central and the Bay schools.

The Domestic Art's club continued its activities throughout the year. Several interesting meetings dealing primarily with ethical problems of girls were taken up.

MUSIC

Glee club, chorus, orchestra, and Music Appreciation provide the fine arts touch through music to our students. Music has played a very important part in the life of our students and more and more demand for an expression through music is being made by the students of this school. The orchestra has increased in size from the first year of its induction and if ample opportunity is provided locally the orchestra should become more proficient and important. The Alton Community Orchestra has been very effective in making our young people conscious of the pleasure and satisfaction that may be derived from music. The chorus group has functioned on several occasions during the past year and has been a credit to their instructor. The Orchestra which was organized during the last school year performed at nearly all school activities, most notably was the graduation program for 1938.

ATHLETICS

During the spring of 1938, four schools in this section formed a league known as the Southeastern league. Alton High is a member of this league. The purpose of the league is to foster a program of Athletic activity which may at some future date include enough forms of competition to embrace every boy and girl in every school. At present the league is making progress by sponsoring a schedule in baseball and basketball. There are more schools who are waiting to join the league and no doubt will be given an official invitation at the next league meeting.

Last winter Alton High sponsored its third annual winter carnival. Nine high schools were invited and seven accepted by sending an official team.

Baseball in the spring of 1938 proved to be of high interest among the boys in the school. Through it they gained valuable experience, and enjoyed an opportunity to participate in competitive play.

During the fall of this present school year outdoor basketball, touch football, softball, and regulation baseball have been enjoyed by both boys and girls. However, there is a tremendous need for leadership and equipment sufficient to enable every pupil within the school to learn the rudiments of games and have an opportunity to play in some form of competitive sports.

At the present time the basketball team is experiencing a very successful start for its season activity. The eighteen boys, which is approximately half of the total number of boys in the school, are enjoying an opportunity to meet and compete with boys from other localities in good wholesome recreation.

OTHER ACTIVITIES

The health program of the school is capably handled by the school nurse, Miss Langille. It is commendable that an attempt to establish a dental clinic for this school is in progress and the nurse's records would indicate that such is needed very badly.

This school still continues the practice of requiring each pupil from the ninth through the twelfth grade to make at least one public appearance each year and speak either extemporaneously or from memory. Programs have been planned and held this past year in the main room of the Central school, and the public has been invited.

The second annual prize-speaking contest was held during the past year. The program was planned and directed through the English classes and proved to be highly successful. A small admission fee was charged; the money received by such was distributed for prizes and assisted in defraying the expenses of our competitors at the State contest in Durham. Generous-minded friends of the school also contributed to this fund.

The annual Senior play, the proceeds from which help defray graduation expenses of the Senior Class, has

its cast selected from the whole school and hence gives our students some opportunity to express themselves through dramatics.

During the fall term of this year a Hi-Y Club was formed among the Junior and Senior boys of the school. The purpose of the club is to band boys together to stand for "clean living, clean speech, clean sports, and clean scholarship." The Freshman and Sophomore boys will be voted into membership as soon as they attain Junior class standing. Already the service committee of this club has found means to function by supervising the management of all home basketball games. It is hoped that parents will acquaint themselves with the importance of this particular club and give it the moral support in the home which is necessary for future success.

IMPROVEMENTS

It is quite unnecessary to comment at large as to the success of the new heating plant which has been made possible through the efforts of the citizens of Alton, the school board, and superintendent. The advantage of having continuous even heat at all times and in all rooms insures pupil comfort and considerably less absence from colds.

The students in the school are highly elated over the addition of a one-hundred service set of dishes which has so recently been purchased. These dishes will be used for the first time at a father-son banquet and induction ceremony for Hi-Y club members on January the twenty-third. Plans are already under way for two mother-daughter banquets in the early spring.

The machine equipment of the manual-training shop has been increased by the addition of a wood and metal lathe. The advantages derived from this lathe are many, for it enables the students to produce a great variety of products which are of more permanent value.

The addition of thirty copies of Webster's dictionaries recently purchased will be of help to the teachers in English. It is now possible for instruction to be carried on with each pupil having a dictionary at his command during the class period.

RECOMMENDATIONS

It is my belief that those most closely connected with any enterprise should be the primary instigators in proposing changes which should be made to more suit-

ably adapt the enterprise to its purpose. Therefore, I am proposing a change which I feel should be made in the educational enterprise of this town. I have served in my present capacity for over three years. I have watched the enrollment of this school closely; I have spent much time in debate as to whether this school was adequately operating so that the needs of the community might be met. Recognizing that the school in any community, should be organized so that the greatest number of pupils in the school might receive the greatest amount of benefit based upon local needs, I feel that my recommendation is in order although no action may be forthcoming for a period of time.

I propose that our present program of studies be adapted to include a manual training course for boys in the high school. We are at present adequately equipped to procede as far as the tools and machinery are concerned. The course should include such studies as mechanical drawing, shop mathematics, shop English, electrical wiring, plumbing, concrete construction, and possibly in time metal lathe work. This course as well as Agriculture and Home Economics could be Federal subsidized and hence the salary of a teacher would be approximately cut in half. During the past few months at least four pupils have dropped out of high school because the present program offers no inducement for them along the lines of their interests. There are other pupils who are staying in school that are as eager to pursue a course as outlined above as were those who dropped out under stress of too much academic pressure. Our school program of studies should be increasing in scope sufficiently to take care of those who wish to continue in vocational work. At present the stress seems to be placed upon preparing students for colleges and not all pupils are college-bound. I trust that some thought and consideration may be given to this proposal for I believe those pupils so minded ought to be given some assistance for future security.

(b) Report of School Nurse

The health of the Alton pupils has been very good this year with little sickness except a few cases of chicken-pox this winter.

Several pupils have had physical defects corrected this year in school clinics. Four were operated upon for tonsils and adenoids in the Wolfeboro hospital, thanks to Dr. Tuttle's generosity. Three children have had special work done on their ears for defective hearing and two were fitted to glasses in school clinics.

The greatest need at the present time is for a dental clinic. Only 15% of the Alton pupils were able to have dental work done last year by private means. Eighty-five per cent had nothing done. In a survey made to ascertain the wishes of the parents in this matter, about 80 pupils have signed up as interested in such a clinic. About 50% of these are able to pay for the work at clinic rates; 34% are unable to pay for the work but greatly desire it; and 16% can pay part of the cost. It is not possible to organize such a clinic without sponsors, but the Parent's club and the Alton Woman's club are interested and are working on plans towards the successful completion of the large project.

The hot lunch program for all pupils needing it is being continued this year. This is proving a most welcome addition to the school health program. In connection with this, the drinking of milk is being encouraged and a mid-morning lunch of milk is served to some of the children who do not have lunch at school.

Following will be found a statistical report of the work done in the Alton schools last year:

Visits to schools	147
Visits to homes	266
Total visits	413
Days spent	35.8
Days due	35
Pupils examined	216
Defects found	193—.8 per pupil
Defects corrected	73—37% of defects
Without defects	107—49% of pupils

I wish at this time to thank parents teachers, and all those who have been so cooperative in their interest in the health of the Alton school children.

(c) Transportation

Transporter	Mileage One Way	Number Carried		Contract	Extra for H. S. Pupils
Arthur I. Martin	15 mi.	8	18	\$950.00	\$82.00
Russell M. Miller	14.8 mi.	2	13	950.00	30.00
Alphonse Tanguay	14 mi.	6	12	500.00	43.00
Roy E. Read	6 mi.	1	1		100.00
Albert D. Morse	10.8 mi.	1	6	550.00	50.00

Totals		32	70	\$4,086.00	\$400.00

PART VIII

SCHOOL CALENDAR FOR 1939-40

1939

September 4—Labor Day.

September 5—Schools open.

October 19-20—N. H. State Teachers' Convention at
Keene (Teachers may attend.)

November 6-12—Education Week.

November 30-December 3—Thanksgiving Recess—Schools
closed.

December 22—Schools close for Christmas Recess.

1940

January 8—Schools open.

February 16—Schools close.

February 26—Schools open.

April 19—Schools close

April 29—Schools open.

May ?—Strafford County Teachers' Institute (Teachers
may attend.)

May 30—Memorial Day—Schools closed.

June 14—Schools close.

PART IX

DEFINITION OF OFFICIAL BALLOT

The official ballot for the 1939 annual school district meeting shall be white paper, one and one-half by four inches in size.

PART X**WARRANT FOR SCHOOL DISTRICT MEETING****STATE OF NEW HAMPSHIRE**

To the inhabitants of the school district in the town of Alton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eighteenth day of March 1939, at one-thirty o'clock in the afternoon to act upon the following subjects:

Article 1. To choose a moderator for the coming year.

Article 2. To choose a clerk for the ensuing year.

Article 3. To choose a member of the school board for the ensuing three years.

Article 4. To choose a treasurer for the ensuing year.

Article 5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agents of the district.

Article 6. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.

Article 7. To choose agents, auditors and committees in relation to any subject embraced in this warrant.

Article 8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

Article 9. To see if the district will vote to raise and appropriate the sum of \$200.00 for new equipment.

Article 10. To transact any other business that may legally come before said meeting.

Given under our hands at said Alton this sixteenth day of February 1939.

HARRY E. JONES,
OLIVER R. SHATTUCK,
ANNIE C. SANBORN,

School Board.

Respectfully submitted,

HARRY E. JONES,
OLIVER R. SHATTUCK,
ANNIE C. SANBORN,

School Board.

LESTER B. BADGER,
Superintendent of Schools.

Pittsfield, N. H., February 17, 1939.
